## General Information

### Continuing Medical Education

The American Society of Dermatopathology is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The American Society of Dermatopathology designates this live activity for a maximum of 35 *AMA PRA Category 1 Credits*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The American Society of Dermatopathology Annual Meeting (Program #254100) is recognized by the American Academy of Dermatology for 35 AAD Recognized Credits and may be used toward the American Academy of Dermatology's Continuing Medical Education Award.

### Continuing Medical Education Policy

The American Society of Dermatopathology (ASDP) is accredited by the Accreditation Council for Continuing Medical Education (ACCME). As such, we are required to meet the ACCME's expectations for our practice of continuing medical education.

It is the policy of the ASDP to ensure balance, independence, objectivity and scientific rigor in all of its educational activities. Faculty participating in and planning the Annual Meeting must comply with all procedures governing disclosure. The ASDP has implemented a process where everyone in a position to control the content of an educational activity will present evidence-based content, disclose all relevant financial relationships with any commercial interest and discussion of unlabeled/investigational uses of a commercial product. In addition, presentations must be free of commercial bias and any information regarding commercial products/services must be based on scientific methods generally accepted by the medical community. Conflicts were resolved prior to this educational activity. Faculty who refused to disclose relevant financial relationships and discussion of unlabeled/investigational uses of a commercial product would have been disqualified from being a part of the planning and implementation of this CME activity.

Presenters who qualified for the implementation of this activity are required to verbally disclose to the audience, immediately prior to the scientific presentation, any of the relationships mentioned above. Faculty relationships are also disclosed to audiences in this program book.

### CME Claims and Verification of Attendance

You will receive a CME claim form in your registration packet on which you are to indicate the number of CME hours you are claiming for this educational activity. The number of CME credit available for each course is indicated by the course title in this program and on the CME claim form. Complete the form and submit

it along with your session evaluation forms in a drop box near the ASDP meeting registration center. You must return this form in order to receive appropriate CME credit. Your self-claimed CME credits will be recorded after the annual meeting and an official CME certificate will be mailed to you. Allow six to eight weeks for processing. Appropriate credit for attendance should be ascertained and reported by individual physicians to the particular state or medical society to which he/she belongs.

For those registered in the AAD CME Transcript/Award Program, you should log in to the AAD Online CME Transcript Program to enter credits for this AAD Recognized program. ASDP's AAD program number is 254100.

### **MOC Claims and Verification**

MOC credit for the Self-Assessment sessions will not be included on the Annual Meeting CME Certificates. Participants must complete the post-course online self-assessment with a 50 percent pass rate or better in order to claim MOC credit for Self-Assessment in Dermatopathology. An MOC certificate will be available to print upon successful completion of the post-course online self-assessment.

MOC and CME credit for the ASDP Quality and Performance Improvement Program will not be included on the ASDP Annual Meeting CME Certificates. Participants must complete the follow-up survey six months after completion of the Quality and Performance Improvement Program at the annual meeting. MOC certificates will be available to print immediately upon completion of the follow-up survey.

### **Learning Objectives**

The educational mission of the American Society of Dermatopathology is to teach, aid in the dissemination of knowledge and encourage research, thus improving the quality of the practice of dermatopathology. The annual meeting is primarily an educational one, offering members, fellows, residents and medical students lectures on current topics in dermatopathology, interactive sessions at the microscope, a self-assessment course, and opportunities for poster and abstract presentations.

#### **After attending the 2013 Annual Meeting, participants should be able to:**

- Identify and avoid potential diagnostic pitfalls in the distinction of nevi from melanoma.
- Outline novel ancillary methods for the diagnosis of melanocytic nevi.
- Diagnose new and recently described tumors and inflammatory conditions of the oral and genital mucosa and the eye.
- Apply new and cutting-edge knowledge to pediatric dermatopathology practices.
- Recognize key histologic features of selected soft tissue neoplasms and formulate an appropriate differential diagnosis.
- Examine selected soft tissue tumors by utilizing useful ancillary diagnostic tools.

## Learning Objectives (cont.)

- Diagnose a wide variety of adnexal tumors by utilizing newer techniques for diagnosis and relevant genetic testing.
- Differentiate critical reagents for direct immunofluorescence or immunohistochemistry.
- Enhance existing knowledge on the use of direct immunofluorescence.
- Apply innovative methods to diagnose infectious diseases of the skin.
- Identify how developments in basic science impact the diagnosis and guide skin disease therapy.
- Increase performance on MOC examinations.
- Summarize the American Board of Dermatology and the American Board of Pathology requirements and timelines for maintenance of certification.

## Poster Presentations

### 1 *Category 1 CME Credit*<sup>™</sup>

(participants will earn .5 *Category 1 CME Credit*<sup>™</sup> for each Poster Defense Session attended)

Basic research, practical techniques and new clinical or histopathologic entities will be presented in this traditional and popular format. Posters will be on display in a single poster session Thursday afternoon through Sunday morning. Residents and fellows-in-training are eligible for the ASDP Physician-in-Training Awards. Awards will be presented on Sunday morning, 8:30 a.m. – 8:45 a.m., immediately before Short Course IV.

**Poster viewing opens at 1 p.m. Thursday, October 10, and will remain open 24 hours until 11 a.m. Sunday, October 13.**

### Poster Defense Sessions

The poster defense sessions will provide an opportunity for discussion between poster presenters and attendees. Poster presenters are asked to make every effort to be at their poster during the defense sessions.

**Friday, October 11: 4:15 p.m. – 4:45 p.m.**

**Saturday, October 12: 3:15 p.m. – 3:45 p.m.**

Exhibit Hall C, Exhibition Level

**After attending the Poster Defense Sessions, participants should be able to:**

- Identify practical techniques in dermatopathology.
- Name new clinical or histopathological entities.

## Slide Library

**Opens Friday, October 11, at 4 p.m.**

Wilson A-C, Mezzanine Level

**Curator:** Arthur K. Balin, MD, PhD

*Sally Balin Medical Center for Dermatology & Cosmetic Surgery*

The ASDP Slide Library opens Friday, Oct. 11, at 4 p.m. and will be open 24-hours-a-day through Sunday, Oct. 13, at 11 a.m.

Selected cases from the continuously growing slide library will be available for microscopic examination. Cases are accompanied by the diagnoses and other relevant written information and references. The 2013 Slide Library handout with case summaries, diagnoses with discussion and references will be available inside the library room.

### **Upon completion of study, participants should be able to:**

- Explain histologic diagnoses of various skin conditions, including the use of ancillary studies, where appropriate.
- Interpret histologic diagnoses of uncommon skin diseases.
- Critique cases that highlight diagnostic challenges.
- Apply morphological criteria to differential diagnoses of cutaneous lesions.
- Develop appropriate differential diagnoses for a wide spectrum of tumors and dermatoses.

## Membership Business Meeting

**Saturday, October 12**

**12:15 p.m. – 1:30 p.m.**

Marriott Ballroom Salon 1, Lobby Level

ASDP members should attend the Membership Business Meeting luncheon on Saturday, Oct. 12. The annual report to the membership will be distributed to each meeting participant.

## **Evening Slide Symposium Preview**

**Opens Thursday, October 10, at 9 a.m.**

Tyler, Mezzanine Level

The Evening Slide Symposium Preview opens Thursday, Oct. 10, at 9 a.m., and will be open 24-hours-a-day through Sunday, Oct. 13, at 11a.m.

Preview the Evening Slide Symposium cases at any time during the annual meeting and attend the Evening Slide Symposium Saturday evening.

## **ASDP Career Center**

Atrium, Exhibition Level

The official ASDP career center is located on the website at [www.asdp.org](http://www.asdp.org); however, the Society has employment boards located in the Atrium on the Exhibition Level, near the ASDP Registration Desk. Meeting registrants can post positions available or resumes for other attendees to peruse. Meeting attendees are responsible for making their own copies.

## **Dermatopathology Bookstore**

**Thursday, October 10 – Sunday, October 13**

Atrium, Exhibition Level

Leading publishers in the field of dermatopathology will be selling books and other publications during the ASDP 50th Annual Meeting. Be sure to stop by and view the newest work being published! The Dermatopathology Bookstore will be open during registration hours, near the ASDP Registration Desk.

**Participating book sellers include:**

Elsevier

Lippincott Williams & Wilkins

## Faculty Disclosures of Relevant Financial Relationships

In keeping with ACCME standards, the following program faculty stated that they do not perceive having a conflict of financial interest that may have a direct bearing on the subject matter of the continuing education activity in which they are participating.

Aleador A. Andea, MD, MBA  
 Zsolt B. Argenyi, MD  
 Raymond L. Barnhill, MD  
 Terry L. Barrett, MD  
 Boris C. Bastian, MD, PhD  
 Jag Bhawan, MD  
 Steven D. Billings, MD  
 Klaus J. Busam, MD  
 Mark A. Cappel, MD

 Iwei Yeh, MD

## Faculty Disclosures or Relevant Financial Relationships (cont.)

The program faculty listed below disclosed the following information about their financial interests:

Faculty	Company	Affiliation/Relationship
Rosalie Elenitsas, MD	Lippincott, Williams and Wilkins	Textbook editor
Pedram Gerami, BS, MD	Abbott Molecular NeoGenomics, Inc.	Consultant Consultant
Michael G. Hitchcock, MBChB	Cutaneous Pathology, PA	Owner
W. Clark Lambert, MD, PhD	Leica Corp.	Consultant (licensing patent)

## Congratulations to the 2013-2014 ASDP Mentorship in Dermatopathology Award Recipients

### Jason C. Chang, MD

*Medical College of Wisconsin*

Mentor: Victor G. Prieto, MD, PhD

*The University of Texas and M.D. Anderson Cancer Center*

### Suzan Kavusi, MD

*University of California San Diego Medical Center*

Mentor: Jinah Kim, MD, PhD

*Stanford University*

### Margareth Pierre-Louis, MD

*University of Minnesota*

Mentor: Wilma F. Bergfeld, MD, FACP,

FAAD

*Cleveland Clinic*

### Mamina Turegano, MD

*Washington Hospital Center*

Mentor: Leonard C. Sperling, MD

*United States University of Health Sciences*

### Michelle Longmire, MD

*Stanford University Medical Center*

Mentor: Jennifer M. McNiff, MD

*Yale University*

### Leomar Y. Ballester-Fuentes, MD

*National Institute of Health, National Cancer Institute*

Mentor: Meera Mahalingam, MD, PhD, FRCPath

*Boston University School of Medicine*

### Kuda Maloney, MD

*Massachusetts General Hospital*

Mentor: Carrie Kovarik, MD

*University of Pennsylvania*

Be sure to visit this year's **ASDP Mentorship Awards in Dermatopathology** poster presentations on display in the Exhibit Hall C, Exhibition Level.

## Annual Award Recipients

### 2013 Founders' Award

**Dirk M. Elston, MD, FAAD**

*Director*

*Ackerman Academy of Dermatopathology  
New York, NY*

The Founders' Award honors dermatopathologists who have made outstanding contributions to our field. This year's Founders' Award honors Dr. Dirk Elston. He completed his dermatology residency at Walter Reed Army Medical Center, followed by a fellowship under the tutelage of Dr. Wilma Bergfeld. After serving as chair of the dermatology department at Brooke Army Medical Center/Wilford Hall Medical Center and director of the dermatology department at Geisinger Medical Center, he moved on to his current position as director of the Ackerman Academy of Dermatopathology. Dr. Elston has served on numerous committees of the AMA, AAD, ABD, ASDP, Institute of Medicine and ABP, including the board of directors of the ABD, ASDP and AAD where he currently is the president.

His prolific nature is astounding with more than 300 peer reviewed journal articles; he is the author/editor of eight textbooks, including the *Requisites in Dermatology* series, 53 textbook chapters and other electronic resources, such as *myDermPath.com*.

In addition, he serves editorial roles for the *Journal of the American Academy of Dermatology* and the *American Journal of Dermatopathology*. He is a sought after and invited lecturer at national, international and regional meetings and courses.

Along with these contributions Dr. Elston promotes the future of our specialty through strong mentorship of future leaders and his work on quality, billing and education. He is devoted and works tirelessly for the advancement of our field.

The 2013 Founders' Award will be presented to Dr. Elston at the President's Banquet Friday, Oct. 11.

Visit [www.asdp.org](http://www.asdp.org) for a list of previous Founders' Award recipients.

## Annual Award Recipients

### 2013 Walter R. Nickel Award

**Lori Lowe, MD**

*Professor of Dermatology and Pathology  
University of Michigan  
Ann Arbor, MI*

Dr. Lori Lowe is honored with the Walter R. Nickel Award for her contributions for the teaching of dermatopathology. She completed her residency in dermatology at the University of Texas Medical School at Houston, followed by a dermatopathology fellowship under Loren Golitz, MD, at the University of Colorado School of Medicine, Denver. Dr. Lowe is board certified in dermatology and dermatopathology.

Dr. Lowe was a Senior Staff Physician in the Department of Dermatology and Director of Dermatopathology and Dermatopathology Resident Education at Henry Ford Hospital, Detroit, from 1991-1996. In 1996, she joined the faculty of the departments of pathology and dermatology at the University of Michigan Medical School, Ann Arbor, as assistant professor, where she was promoted to associate professor in 1998, and to professor in 2004. She served as the director of dermatopathology from 1997-2012 and has been the coordinator for dermatopathology resident education for the dermatology department for the past 17 years.

Under her leadership, the dermatopathology service has undergone exponential growth while maintaining a reputation of impeccable patient care. She is an integral member of the University of Michigan Multidisciplinary Melanoma Program. She has authored or coauthored more than 100 manuscripts in peer-reviewed journals. She received the William B. Taylor Resident Teaching Award from the Department of Dermatology, University of Michigan in 1999 and 2005 for exemplary teaching. She has served on test committees at the ABD and ABP. She has served on the editorial boards of the *Journal of the American Academy of Dermatology* and *Cancer* for 10 years. Dr. Lowe has been responsible for the training of more than 400 residents and involved in the training of 12 fellows.

The 2013 Walter R. Nickel Award will be presented to Dr. Lowe at the President's Banquet Friday, Oct. 11.

Visit [www.asdp.org](http://www.asdp.org) for a list of previous Walter R. Nickel Award recipients.

## Committee Meetings Schedule

All committee meeting rooms are located on the Mezzanine Level, unless otherwise noted. Committee meeting attendance is by invitation only.

### Thursday, October 10

**8:00 a.m. – 11:30 a.m.**

Board of Directors Meeting

*Virginia C, Lobby Level*

**11:30 a.m. – 1:00 p.m.**

Dermatopathology Fellowship Training  
Directors Meeting

*Delaware A/B, Lobby Level*

### Friday, October 11

**7:00 a.m. – 8:00 a.m.**

History Committee Meeting

*Johnson*

JCP Editorial Board Meeting

*Maryland A/B, Lobby Level*

MOC-DP Committee Meeting

*Jefferson*

**8:00 a.m. – 9:00 a.m.**

Audit and Finance Joint Committee Meeting

*Johnson*

Continuing Education and Research Committee Meeting

*Jefferson*

**9:00 a.m. – 10:00 a.m.**

Young Physicians' Committee Meeting

*Jefferson*

### Saturday, October 12

**7:00 a.m. – 8:00 a.m.**

Mentorship Awards Committee Meeting

*Jefferson*

Strategic Planning Committee Meeting

*Jackson*

**8:00 a.m. – 9:00 a.m.**

Committee for International Partnering Meeting

*Jackson*

Ethics Committee Meeting

*Johnson*

Membership Committee Meeting

*Jefferson*

**9:00 a.m. – 10:00 a.m.**

Peer Review Committee Meeting

*Jefferson*

**10:00 a.m. – 11:00 a.m.**

Informatics Committee Meeting

*Johnson*

**4:00 p.m. – 5:30 p.m.**

Program Committee Meeting

*Jackson*

## Committee Meetings Schedule (cont.)

Sunday, October 13

6:45 a.m. – 8:30 a.m.

Board of Directors and Committee Chair Roundtable *Delaware B, Lobby Level*

---

**Photographer Acknowledgement:**  
The ASDP gratefully acknowledges Dr. Arnold Schroeter for volunteering his time and efforts to serve as this year's official annual meeting photographer.

Please smile when you see Dr. Schroeter aiming his camera at you.

## Corporate Partners, Sponsors and Advertisers

### Celebrating 50 Years of Excellence in Dermatopathology

The American Society of Dermatopathology gratefully acknowledges the following 2013-2014 Corporate Partners and 50th Annual Meeting Sponsors and Advertisers. Their generous support of ASDP makes it possible for us to provide access to educational and scientific events and activities to as many dermatopathologists and dermatopathologists-in-training as possible.

#### Gold Partner

MYRIAD

#### Bronze Partner

#### Patron Partner

#### 50th Annual Meeting Sponsors

Mark A. Hurt, MD, ASDP  
Secretary-Treasurer  
Physician in Training Awards

Hotel Key Card

#### 50th Annual Meeting Advertisers

*The American Society of Dermatopathology (ASDP) does not endorse any medical product, treatment or service sold by any corporation supporting our organization. Corporate Partnerships are not an endorsement of a company's product or service and may not be represented by the Corporate Partner as such in any way. The use of the ASDP name and/or logo, or representation of such, without the written consent of the ASDP Executive is strictly prohibited.*

## Program-at-a-Glance

The Plenary Program courses are open to all meeting attendees. Your full registration to the ASDP Annual Meeting includes:

- Young Physicians' Forum – The Next 50 Years:  
The Future of Dermatopathology
- 14th Annual Duel in Dermatopathology
- Four Short Courses
- Hermann Pinkus Memorial Basic Science Course
- 2013 Elson B. Helwig Memorial Lecture
- Fellows' Case Presentations
- Evening Slide Symposium
- 24-hour access to the Evening Slide Symposium Slides
- Three Oral Abstract Presentation Sessions
- Poster Session
- 24-hour access to the Slide Library

Optional Courses & Events require additional fees and include:

- Consultations in Dermatopathology
- Self-Assessment in Dermatopathology
- Board Review Course
- Mini-Courses:\*  
→ Navigating MOC for the Pathologist  
→ Navigating MOC for the Dermatologist
- ASDP Quality and Performance Improvement Program
- President's Reception & Banquet

\* There are no fees for the Mini Courses, but registration is required.

## Thursday, October 10

\* Optional Courses require an additional fee and online registration.

\*\* Board Review Course requires an additional fee and online registration. Registration fee is reduced for medical students, residents and dermatopathology fellows in training.

## Patron Partners

### London Dermatopathology Symposium Meet and Greet Friday, October 11

11 a.m.-1 p.m.

*Jackson, Mezzanine Level*

Visit representatives from the London Dermatopathology Symposium during a special meet and greet on Friday, October 11, between 11 a.m.-1 p.m. in Jackson on the Mezzanine Level. Dr. Iskander Chaudhry will be hosting this special event and available to discuss details of the Symposium.

### 4th London Dermatopathology Symposium

*Grand Connaught Rooms - London*

May 14-16, 2014

[www.londondermpath.com](http://www.londondermpath.com)

[info@londondermpath.com](mailto:info@londondermpath.com)

+44 (0) 161 980 8882

This three-day International Symposium specifically addresses practical problems common in dermatopathology.

- Symposium Lectures
- 4 Short Courses
- Multi-header Sessions on 26
- Topics
- Scientific Presentations
- Self-Assessment Course

**The American Society of Dermatopathology gratefully acknowledges the London Dermatopathology Symposium as a 50th Annual Meeting Patron Partner.**

## PLENARY PROGRAM

### Short Course I Melanocytic Nevi

Thursday, October 10

1:00 p.m. – 3:15 p.m.

Thurgood Marshall Ballroom, Mezzanine Level

Course Director:

Klaus J. Busam, MD

*Memorial Sloan-Kettering Cancer Center*

#### 2.25 Category 1 CME Credits™

This course will provide an update on the subject of melanocytic nevi. Six dermatopathologists will address different subtypes of melanocytic nevi. Dermatologists will discuss the clinical diagnosis and management of melanocytic nevi. Histopathologic clues for the distinction of various nevi from melanoma will be reviewed and diagnostic pitfalls will be a focus of each presentation. The need for clinicopathologic correlation will be emphasized. Various ancillary methods with potential value for improvements in diagnostic accuracy will be discussed.

#### Faculty and Course Outline

1:00 p.m. - 1:20 p.m.	<b>Acquired Melanocytic Nevi, Including Dysplastic Nevi and Nevi of Special Sites</b> Iwei Yeh, MD <i>University of California, San Francisco</i>
1:20 p.m. - 1:40 p.m.	<b>The Spectrum of Blue Nevi</b> Klaus J. Busam, MD <i>Memorial Sloan-Kettering Cancer Center</i>
1:40 p.m. - 2:00 p.m.	<b>Congenital Melanocytic Nevi</b> Janis Taube, MD <i>Johns Hopkins University School of Medicine</i>
2:00 p.m. - 2:20 p.m.	<b>The Spectrum of Combined/Biphasic and Plexiform Melanocytic Nevi</b> Raymond L. Barnhill, MD <i>University of California, Los Angeles</i>
2:20 p.m. - 2:40 p.m.	<b>The Spectrum of Spitz's Nevi/Tumors</b> Boris C. Bastian, MD, PhD <i>University of California, San Francisco</i>
2:40 p.m. - 3:00 p.m.	<b>The Clinical Diagnosis and Management of Melanocytic Nevi</b> Jennifer Stein, MD, PhD <i>New York University School of Medicine</i>
3:00 p.m. - 3:15 p.m.	<b>Q &amp; A</b>

Upon completion of this course, participants should be able to:

- Identify important advances in the field.
- Recognize and avoid potential diagnostic pitfalls in the distinction of nevi from melanoma.
- Reinforce existing knowledge of melanocytic nevi.
- Describe novel ancillary methods for the diagnosis of melanocytic nevi.

## The American Society of Dermatopathology 50<sup>th</sup> Anniversary Exhibit Booth

Thursday, October 10 – Sunday, October 13

*Exhibit Hall C, Exhibition Level*

The American Society of Dermatopathology just turned 50. The brainchild of 12 dermatologists who had a passion for the subspecialty, even before it was a subspecialty, ASDP has become a leading advocate for education and the teaching of dermatopathology.

Visit the ASDP 50<sup>th</sup> Anniversary Exhibit Booth to view the history timeline, a live demo of the ASDP Online History Timeline and an interactive Dermatopathology Family Tree. You can also:

- Drop your raffle ticket at the booth for your chance to win an Apple iPad3. The winner will be announced on Saturday, October 12 during the afternoon refreshment break at 3:15 p.m.
- Listen to Dr. Elson B. Helwig's 1954 lecture, "Diseases of the Skin."
- View select video interviews on the history of ASDP and dermatopathology and see what some ASDP leaders think the future holds for our profession.
- Pick up a copy of "The American Society of Dermatopathology. The First 30 Years." Reprinted from the *Journal of Cutaneous Pathology* with permission from the publisher, Munksgaard. *J Cutan Pathol* 1993; 279-287, © Munksgaard 1993. Written by Robert G. Freeman, MD, Historian, on the occasion of the thirtieth anniversary of the society.
- Show Your ASDP Colors! Show your support and shop for specialty items from the ASDP 50th Anniversary Store.
- ASDP members: Pick up your 50th Anniversary lapel pin.

## PLENARY PROGRAM (cont.)

### Oral Abstract Session 1

Thursday, October 10

3:45 p.m. – 5:15 p.m.

Thurgood Marshall Ballroom, Mezzanine Level

*Course Moderator:*

Aleador A. Andea, MD, MBA

*University of Michigan*

#### 1.5 Category 1 CME Credits™

Abstracts presented in Oral Abstract Session 1 can be found in the abstract PDF book available for download at [www.asdp.org/AM13](http://www.asdp.org/AM13). Abstracts are listed in the order of presentation.

Time	Title	Speaker
3:45 p.m. – 3:55 p.m.	Molecular Profiling of Cutaneous Carcinomas (CCS): A Study of four Cases	George Jour, MD
3:55 p.m. – 4:05 p.m.	Is Dermatofibrosarcoma Protuberans with High-Grade Fibrosarcomatous Transformation More Aggressive? A Retrospective Case Series of 188 Patients	Garret Lowe, MD
4:05 p.m. – 4:15 p.m.	T-prolymphocytic Leukemia Frequently Shows Cutaneous Involvement and is Associated with Gains of c-Myc	Andy C. Hsi, MD
4:15 p.m. – 4:25 p.m.	Harlequin Ichthyosis Following Etretinate Therapy	Keisuke Goto, MD
4:25 p.m. – 4:35 p.m.	Metastasizing Basal Cell Carcinoma: Clinicopathologic, Molecular and Immunohistochemical Study of 19 Cases	Mark C. Mochel, MD
4:35 p.m. – 4:45 p.m.	Detection of Immunoglobulin Light Chain Restriction in Cutaneous B-cell Lymphomas by Ultrasensitive MRNA <i>in-situ</i> Hybridization	Eugen C. Minca, MD, PhD

4:45 p.m. – 4:55 p.m.	Inhibition of Macrophage Migration Inhibitory Factor Reduces UV-induced Squamous Cell Carcinogenesis	Priyadharsini Nagarajan, MD, PhD
4:55 p.m. – 5:05 p.m.	Analysis of Spitzoid Neoplasms with Mono Versus Bi-allelic 9p21 Deletions for Clinical Outcomes, Histomorphology, BRAF Mutations and p16 Expression	Pedram Yazdan, MD
5:05 p.m. – 5:15 p.m.	Inter-Observer Variability in the Sub-typing of Basal Cell Carcinomas	Drew Nedved, MD

**Upon completion of this course, participants should be able to:**

- Identify various clinical and basic science topics within dermatopathology.
- Exemplify and promote exchange of new ideas and concepts within the field of dermatopathology.
- Describe innovative investigative studies and tools pertaining to bench and translational research.
- Compare unique pathological perspectives and concepts as they relate to individual and groups of cases.

**1st Annual ASDP  
Dermatopathology  
Board Review Course**

## Attend the Inaugural ASDP Dermatopathology Board Review Course

April 11-13, 2014  
*Atlanta Marriott Marquis*  
*Atlanta, GA USA*

Earn CME, MOC SA and SAM credits.

**Questions?** Contact ASDP at +1-847-400-5820 or [info@asdp.org](mailto:info@asdp.org) for more information.

## PLENARY PROGRAM (cont.)

### 14th Annual Duel in Dermatopathology Resident Abstract Competition

Thursday, October 10

5:15 p.m. – 6:45 p.m.

Thurgood Marshall Ballroom, Mezzanine Level

Course Moderator:

Melissa P. Piliang, MD

*Cleveland Clinic*

#### 1.5 Category 1 CME Credits™

Abstracts presented in the Duel in Dermatopathology oral abstract competition can be found in the abstract PDF book available for download at [www.asdp.org/AM13](http://www.asdp.org/AM13).

The American Society of Dermatopathology is pleased to present the 14th Annual Duel in Dermatopathology Abstract Competition for dermatology and pathology residents. This resident forum consists of succinct five-minute presentations. Prizes for first, second and third place will be awarded for the best clinical-pathologic case reports. Presentations will be evaluated on content, form, instructive value to dermatopathology and execution. Abstracts selected to compete in the Duel in Dermatopathology session will be published in a featured section of the *Journal of Cutaneous Pathology (JCP)*.

**Award winners will be announced at 1:35 p.m., Saturday, Oct. 12, immediately prior to the Elson B. Helwig Memorial Lecture.**

Time	Title	Speaker
5:15 p.m. – 5:20 p.m.	Primary Cutaneous Gamma-Delta T Cell Lymphoma in a 3-year-old Boy	Christopher Soon, MD
5:20 p.m. – 5:25 p.m.	Trichodysplasia Spinulosa in an Immunocompetent Patient on Vismodegib	Justin D. Richey, MD
5:25 p.m. – 5:30 p.m.	Hyaline Vascular Type Castleman's Disease Presenting as Periorbital Discoloration and Swelling	Hye Jin Chung, MD
5:30 p.m. – 5:35 p.m.	Acanthamoebiasis: An Exceedingly Rare Primary Cutaneous Infection	Annie S. Morrison, MD
5:35 p.m. – 5:40 p.m.	Rapidly Growing Soft Tissue Mass in a 12-year-old Girl from Malawi: Remarkable Presentation of Bacillary Angiomatosis	Erika Reid, MD

5:40 p.m. – 5:45 p.m.	Menkes Disease: A Case Report and Literature Review	Jennifer S. Ko, MD, PhD
5:45 p.m. – 5:50 p.m.	Primary Cutaneous Clear Cell Sarcoma of the Back Mimicking Spindle Cell Malignant Melanoma	Rahul Matnani, MBBS, PhD
5:50 p.m. – 5:55 p.m.	Perforating Disease Following Treatment with Sorafenib	Tanya Trynosky, MD
5:55 p.m. – 6:00 p.m.	Granulomatous Dermatitis During Combined BRAF/MEK Inhibitor Therapy for Advanced Melanoma	Daniel N. Cohen, MD, PhD
6:00 p.m. – 6:05 p.m.	Lymphomatoid Granulomatosis with Cutaneous Involvement	Carolyn D. Rysgaard, MD
6:05 p.m. – 6:10 p.m.	A Fatal Drug Reaction with Eosinophilia and Systemic Symptoms (DRESS) Induced by Allopurinol	Buu Duong, MD
6:10 p.m. – 6:15 p.m.	Bilateral Areolar Leiomyomas in a Patient Undergoing BRAF Therapy for Malignant Melanoma	Michael Clarke, MD
6:15 p.m. – 6:20 p.m.	DF to AFH to MFH	Grace Weyant, MD
6:20 p.m. – 6:25 p.m.	A Cutaneous Facial Mass Identified as the New Entity “Mammary Analogue Secretory Carcinoma” of Salivary Gland Origin	Yen T. Wang, MD
6:25 p.m. – 6:30 p.m.	A Unique Case of Coexistent Chronic Lymphocytic Leukemia and Lymphomatoid Papulosis	John T. Hibler, DO
6:30 p.m. – 6:35 p.m.	All-trans Retinoic Acid and Scrotal Ulcerations in Acute Promyelocytic Leukemia	Heidi B. Prather, MD
6:35 p.m. – 6:40 p.m.	Langerhans Cell Sarcoma with Lineage Infidelity/Plasticity: A Diagnostic Challenge and Insight into the Pathobiology of the Disease	Eugene Sanik, DO
6:40 p.m. – 6:45 p.m.	Giant Benign Lymphangioendothelioma Presenting as a Serpinginous Flank Mass	Alicia M. Schnebelen, MD

**Upon completion of this course, participants should be able to:**

- Expand diagnostic skills by recognizing clinicopathologic entities presented via abstracts.
- Utilize and interpret diagnostic clues and techniques identified by literature review of these cases.

## PLENARY PROGRAM (cont.)

### Young Physicians' Forum

### The Next 50 Years: The Future of Dermatopathology

Thursday, October 10

7:00 p.m. – 9:00 p.m.

Thurgood Marshall Ballroom, Mezzanine Level

Course Directors:

Puja K. Puri, MD

*Laboratory Corporation of America/DIANON*

Harry Winfield, MD

*Cleveland Skin Pathology Laboratory, Inc.*

### 2 Category 1 CME Credits™

Dermatopathology fellows and early career dermatopathologists are invited to join us for this informative session. Career insights and advice will be available to all who attend the Young Physicians' Forum. A series of lectures will be followed by a Q&A session in which faculty will respond to your questions about career development and management in a relaxed and friendly environment. Don't miss this unique opportunity to develop professional relationships with your leaders and peers.

In just two short years, several important legislative changes have dramatically altered the field of pathology and dermatopathology. These changes highly affect newly trained fellows entering the work force and may impact residents' considerations of training in this field. It is important to understand current issues at hand that affect the future of our field and the quality of care that we provide to patients. Our subspecialty needs to become informed, stay informed and engage in the larger scale debates regarding health care reform in order to preserve quality of care and preserve the interests of our subspecialty. This course will discuss topics of concern to dermatopathologists who are young in their career, provide a forum to discuss the various political and advocacy organizations and their roles in health care management, and encourage physicians to become active participants in the regulation of our field.

**Faculty and Course Outline:**

7:00 p.m. - 7:35 p.m.	<b>The Advisory Committee in the AMA CPT and RUC Process</b> Jonathan L. Myles, MD <i>Cleveland Clinic</i>
7:35 p.m. - 8:00 p.m.	<b>PathPAC: Advocacy in Pathology — “Our Voice Matters”</b> Renee Ellerbroek, MD, FCAP <i>PathPAC Board of Directors</i>
8:00 p.m. - 8:30 p.m.	<b>Lab Billing and Regulation Trends</b> Dirk M. Elston, MD, FAAD <i>Ackerman Academy of Dermatopathology</i>
8:30 p.m. - 9:00 p.m.	<b>Q &amp; A</b>

Thursday,  
October 10

**Upon completion of this course, participants should be able to:**

- Identify the various organizations and their role in advocacy for their respective fields.
- Recognize and understand the importance of participation in advocacy organizations regionally and nationally in the management of health care resources.
- Understand important topics facing dermatopathologists in their first seven years of practice.

## **3rd Annual Young Physicians' Reception**

**Thursday, October 10**

**9:00 p.m. – 10:00 p.m.**

**Marriott Ballroom Salon 1, Lobby Level**

Dermatopathology fellows and dermatopathologists in their first seven years of practice are invited to network with the Young Physicians' Forum faculty members and other dermatopathology role models at the Young Physicians' Reception. Hors d'oeuvres and refreshments will be served. Don't miss this unique opportunity to develop professional relationships with your leaders and peers.

## PLENARY PROGRAM (cont.)

### Short Course II

### Mind the Gap! Niche Dermatopathology of Special Sites and Special Situations

Friday, October 11

8:00 a.m. – Noon

Thurgood Marshall Ballroom, Mezzanine Level

*Course Director:*

Beth S. Ruben, MD

*University of California, San Francisco*

### 3.5 Category 1 CME Credits™

Within the broad realm of diagnostic dermatopathology, there are certain areas in which we find ourselves slightly outside our comfort zone. Many of these practice gaps develop due to a lack of sufficient exposure to such cases, either during our training or in daily practice, and/or due to the rapid accumulation of knowledge and technical advances in such niche areas. Some of these subspecialties may fall under the purview of hospital-based or academic pathologists, making them even more inaccessible to outpatient dermatopathologists. Mucosal pathology, including ophthalmic, oral and genital, comprises one segment of this murky territory. The nail unit remains another special site, fraught with technical and diagnostic difficulty. Pediatric dermatopathology is also emerging as a newer niche, as knowledge advances rapidly in pediatric dermatology and we are called upon to help in special diagnostic situations. Progress in the molecular diagnosis of soft tissue tumors is revolutionizing the diagnosis and classification of those difficult neoplasms. This session will explore important entities, diagnostic dilemmas and technical advances in these categories, with the purpose of narrowing this gap and improving outcomes for patients.

#### Faculty and Course Outline:

8:00 a.m. – 8:05 a.m.

**Introduction**

Beth S. Ruben, MD

*University of California, San Francisco*

8:05 a.m. – 8:35 a.m.

**Ophthalmic Pathology for Dermatopathologists:  
Unique Aspects of Pathology of the Eyelid and  
Conjunctiva**

Artur Zembowicz, MD

*Tufts Medical School*

8:35 a.m. – 9:05 a.m.	<b>The Good, the Bad and the Lethal (of Oral Pathology)</b> Richard Jordan, DDS, PhD, FRCPath <i>University of California, San Francisco</i>
9:05 a.m. – 9:35 a.m.	<b>Vulvar Pathology: Past and Present</b> M. Angelica Selim, MD <i>Duke University Medical Center</i>
9:35 a.m. – 9:45 a.m.	<b>Q &amp; A</b>
9:45 a.m. – 10:15 a.m.	Refreshment Break
10:15 a.m. – 10:45 a.m.	<b>Pediatric Dermatopathology: How May I Help You?</b> Lori D. Prok, MD <i>University of Colorado, Denver and Children's Hospital Colorado</i>
10:45 a.m. – 11:15 a.m.	<b>Molecular Diagnosis of Cutaneous Soft Tissue Tumors</b> Steven D. Billings, MD <i>Cleveland Clinic</i>
11:15 a.m. – 11:45 a.m.	<b>Practical Pearls and Diagnostic Oddities in Nail Pathology</b> Beth S. Ruben, MD <i>University of California, San Francisco</i>
11:45 a.m. – Noon	<b>Q &amp; A</b>

**Upon completion of this course, participants should be able to:**

- Identify practice gaps in dermatopathology pertaining to mucosal, pediatric, soft tissue and nail pathology.
- Consolidate existing and new knowledge in each of these areas.
- Improve range of differential diagnoses in this diagnostic spectrum.
- Develop a better understanding of new diagnostic tools in the diagnosis of soft tissue tumors.
- Apply this knowledge to provide optimum care and improve outcomes to patients.

## PLENARY PROGRAM (cont.)

### Oral Abstract Session 2

Friday, October 11

1:30 p.m. – 3:00 p.m.

Thurgood Marshall Ballroom, Mezzanine Level

Course Moderator:

Carilyn N. Wieland, MD

*Mayo Clinic, Rochester*

#### 1.5 Category 1 CME Credits™

Abstracts presented in Oral Abstract Session 2 can be found in the abstract PDF book available for download at [www.asdp.org/AM13](http://www.asdp.org/AM13). Abstracts are listed in the order of presentation.

Time	Title	Speaker
1:30 p.m. – 1:40 p.m.	Ulcerative Lymphocytic Arteritis Occurring in Lipschütz Disease (Epstein-Barr Virus Vulvitis): A Report of Seven Cases	Mary M. Barrett, MD
1:40 p.m. – 1:50 p.m.	Histologic Clues to the Cutaneous Diagnosis of Granulomatosis with Polyangiitis (Wegener's Granulomatosis): A Case Control Study	Ashley Tarasen, MD
1:50 p.m. – 2:00 p.m.	The Significance of Eosinophils in Hypertrophic Lichen Planus	Ahmed Alomari, MD
2:00 p.m. – 2:10 p.m.	Kit Mutation in Vulvar Malignant Melanoma Correlates with Intense, Uniform CD117 Immunohistochemical Staining	Parnian Ahmadi Moghaddam, MD
2:10 p.m. – 2:20 p.m.	Squalene Synthase is an Excellent Marker for Sebaceous Neoplasms and Can Differentiate Sebaceous Tumors from Metastatic Renal Cell Carcinoma	Pei-Ling Chen, MD, PhD
2:20 p.m. – 2:30 p.m.	Effects of Vemurafenib on CD8 T Cell Responses to BRAF-Mutated Murine Melanoma	Andrea Boni, MD
2:30 p.m. – 2:40 p.m.	Distinct Cutaneous Melanocytic Tumors Associated with Germline Bap1 Inactivation	Su Luo, MD

2:40 p.m. – 2:50 p.m.	Aberrant Long Interspersed Element-1 Protein Expression is a Feature of Some Malignant Melanomas	Nemanja Rodic, MD, PhD
2:50 p.m. – 3:00 p.m.	Histopathologic Features of Cutaneous Acute Graft-Versus-Host Disease in T-cell-depleted Peripheral Blood Stem Cell Transplant Recipients	Alyssa Fischer, BA

**Upon completion of this course, participants should be able to:**

- Identify various clinical and basic science topics within dermatopathology.
- Exemplify and promote exchange of new ideas and concepts within the field of dermatopathology.
- Describe innovative investigative studies and tools pertaining to bench and translational research.
- Compare unique pathological perspectives and concepts as they relate to individual and groups of cases.

## PLENARY PROGRAM (cont.)

### Hermann Pinkus Memorial Basic Science Course

Friday, October 11

3:15 p.m. – 6:15 p.m.

Thurgood Marshall Ballroom, Mezzanine Level

Course Director:

Ronald P. Rapini, MD

*University of Texas MD Anderson Cancer Center*

Course Moderator:

Whitney A. High, MD, JD, MEng

*University of Colorado School of Medicine*

### 2.5 Category 1 CME Credits™

This year's Basic Science Course will explore the biology of Merkel cell carcinoma and the use of new tests in the diagnosis of challenging pigmented lesions. The current status of immunohistochemical stains, their use and pitfalls in their interpretation will also be discussed.

#### Faculty and Course Outline:

3:15 p.m. – 3:45 p.m.	<b>Current Uses of New and Established Immunohistochemical Markers</b> Jonathan L. Curry, MD <i>MD Anderson Cancer Center</i>
3:45 p.m. – 4:15 p.m.	<b>Pitfalls of Immunostaining</b> Timothy H. McCalmont, MD <i>University of California, San Francisco</i>
4:15 p.m. – 4:45 p.m.	Refreshment Break
4:45 p.m. – 5:15 p.m.	<b>Troubleshooting Special Stains</b> Whitney A. High, MD, JD, MEng <i>University of Colorado School of Medicine</i>
5:15 p.m. – 5:45 p.m.	<b>Biology of Merkel Cell Carcinoma</b> Paul W. Harms, MD, PhD <i>University of Michigan Health System</i>
5:45 p.m. – 6:15 p.m.	<b>Mass Spectroscopy as a Diagnostic Tool in Melanocytic Neoplasms</b> Rossitza Z. Lazova, MD <i>Yale University School of Medicine</i>

Upon completion of this course, participants should be able to:

- Become more familiar with currently used immunohistochemical stains and recognize pitfalls in their performance and interpretation.
- Summarize the biology of Merkel cell carcinoma.

## **Congratulations to the 2013 Dermatopathology Research Career Development Award Recipients**

**Paul W. Harms, MD, PhD**

*University of Michigan*

Mutational Landscape of Merkel Cell Carcinoma by Next Generation Sequencing

**Basil A. Horst, MD - Year 2**

*Columbia University*

Analysis of Inositol Polyphosphate 4-Phosphatase Type II in Melanocytic Lesions

## PLENARY PROGRAM (cont.)

### Short Course III

### Soft Tissue Pathology

Saturday, October 12

8:00 a.m. – Noon

Thurgood Marshall Ballroom, Mezzanine Level

Course Director:

Steven D. Billings, MD  
*Cleveland Clinic*

### 3.5 Category 1 CME Credits™

This course will focus on a variety of challenging areas in soft tissue pathology, such as fibrohistiocytic tumors, nerve sheath tumors and vascular tumors. The course will deal with key histologic features and ancillary tests critical for the evaluation of soft tissue neoplasms that present in the skin. In honor of the 50th anniversary of ASDP, there will be a historical overview of important cutaneous soft tissue neoplasms and concepts that have evolved over the past 50 years.

#### Faculty and Course Outline:

8:00 a.m. – 8:10 a.m.	<b>Introduction</b> Steven D. Billings, MD <i>Cleveland Clinic</i>
8:10 a.m. – 9:05 a.m.	<b>Dermatofibrosarcoma Protuberans and Related Lesions: A Historical Perspective</b> Andrew L. Folpe, MD <i>Mayo Clinic, Rochester</i>
9:05 a.m. – 10:00 a.m.	<b>Atypical Fibroxanthoma and Spindle Cell Hemangioma: Concepts Changing Over Time</b> Alexander J.F. Lazar, MD, PhD <i>University of Texas MD Anderson Cancer Center</i>
10:00 a.m. – 10:30 a.m.	Refreshment Break
10:30 a.m. – 11:15 a.m.	<b>Vexing Cutaneous Neural Tumors; Inherence or Ignorance</b> Zsolt B. Argenyi, MD <i>University of Washington Medical Center</i>
11:15 a.m. – Noon	<b>Vascular Tumors: Then and Now</b> Steven D. Billings, MD <i>Cleveland Clinic</i>

Upon completion of this course, participants should be able to:

- Identify key histologic features of selected soft tissue neoplasms and formulate an appropriate differential diagnosis.
- Apply useful ancillary diagnostic tools in the assessment of selected soft tissue tumors.

## ASDP Art Show

Thursday, October 10 – Sunday, October 13  
Atrium, Exhibition Level

The Young Physicians' Committee is sponsoring an event showcasing the artistic talents of the ASDP 50th Annual Meeting attendees. Be sure to stop by and view the exhibition. This multimedia event includes oil and acrylic paintings, watercolors, sculpture, photography, woodcarvings, ceramics, calligraphy paintings, pottery, woodcuts, wood burning and lithography.

**New This Year!** Cast your ballot for your favorite piece of art. A photo of the winning piece will be featured in the *Journal of Cutaneous Pathology* and the ASDP website. One vote per person please.

**View the artistic talents of your colleagues!**

*“The most beautiful experience we can have is the mysterious – the fundamental emotion which stands at the cradle of true art and true science.”*

~ Albert Einstein

Saturday,  
October 12

## PLENARY PROGRAM (cont.)

### 2013 Elson B. Helwig Memorial Lecture

Saturday, October 12

1:45 p.m. – 2:45 p.m.

Thurgood Marshall Ballroom, Mezzanine Level

#### 1 Category 1 CME Credits™

This clinically oriented lecture began in October 1998 as the Special Guest Lecture. On July 31, 2000, the Special Guest Lecture was officially named the Elston B. Helwig Memorial Lecture in tribute of Dr. Helwig. The lectureship is awarded in recognition of excellence in the realm of diagnostic dermatopathology and for significant contribution to the dermatopathology literature and the education of fellows and colleagues.

**Luis Requena, MD, PhD**

*Chair, Fundación Jiménez Díaz*

*Professor, Universidad Autónoma*

*Madrid, Spain*

#### “Insights in Cutaneous Neoplasms”

Dr. Elson Helwig originally described many of the cutaneous adnexal neoplasms, both benign and malignant ones.

In recent years, advances in immunohistochemistry and molecular biology have contributed to a better understanding in differentiation of some of these neoplasms. Furthermore, multiple cutaneous adnexal tumors, often with hereditary transmission, frequently appear in patients with systemic diseases and are often associated with internal malignant neoplasms. In most of these diseases, the genetic defect has been identified and it may be investigated in the cutaneous lesions. Along with the diagnosis, genetic counseling should be provided to the patient and the family. Dr. Requena will review the most recent insights of some cutaneous adnexal neoplasms and their consequences in the clinical practice

Visit [www.asdp.org/AM13](http://www.asdp.org/AM13) for a list of previous Elson B. Helwig Memorial Lecturers.

## 2013 President's Address

Saturday, October 12

2:45 p.m. – 3:15 p.m.

Thurgood Marshall Ballroom, Mezzanine Level

President: Nigel J. Ball, MD

.5 *Category 1 CME Credits™*

**Nigel J. Ball, MD, FRCPC**

*Clinical Professor, Departments of Pathology and Dermatology*

*University of British Columbia and Vancouver General Hospital*

*Vancouver, BC, Canada*

### “Fifty Years of Evolution and Camaraderie”

The ASDP's Annual Meeting has changed since we first met in the Palmer House 50 years ago, but it has retained many of the elements celebrated by our founders. The Presidential Address will examine the past, present and future of ASDP annual meetings.

Saturday,  
October 12

## PLENARY PROGRAM (cont.)

### Fellows' Case Presentations

Saturday, October 12

4:00 p.m. – 6:00 p.m.

Thurgood Marshall Ballroom, Mezzanine Level

*Course Moderator:*

Rajiv M. Patel, MD

*University of Michigan*

**2 Category 1 CME Credits™**

The Continuing Education and Research Committee has selected 12 of the outstanding submissions in the Fellows in Dermatopathology abstract category to be presented orally. Abstract session will have a mix of case reports, clinical studies and basic science presentations.

Abstracts presented in Fellows' Case Presentations can be found in the abstract PDF book available for download at [www.asdp.org/AM13](http://www.asdp.org/AM13). Abstracts are listed in order of presentation

Time	Title	Speaker
4:00 p.m. – 4:10 p.m.	WNT Signaling in Hair Follicle Stem Cell Progenitors Drives Human Hair Follicle Growth	Peggy Myung, MD, PhD
4:10 p.m. – 4:20 p.m.	Loss of 5-hydroxymethylcytosine Correlates with Increasing Morphologic Dysplasia in Melanocytic Tumors	Allison R. Larson, MD
4:20 p.m. – 4:30 p.m.	Factor XIIIa as a Sensitive and Specific Marker of Sebaceous Differentiation	Elizabeth Uhlenhake, MD
4:30 p.m. – 4:40 p.m.	Primary Subcutaneous Myxoid Liposarcoma — A Clinicopathologic Review of 3 Cases with Molecular Confirmation	Trent B. Marburger, MD
4:40 p.m. – 4:50 p.m.	Primary Cutaneous Marginal Zone B-cell Lymphoma: Clinicopathologic Analysis of 157 Patients	Michael Sidiropoulos, MD, MSc

4:50 p.m. – 5:00 p.m.	A Novel Cause of Postoperative Purpura: Cutaneous Microemboli from Hydrophilic Endovascular Catheter Coatings	John R. Griffin, MD
5:00 p.m. – 5:10 p.m.	Prevalence of Merkel Cell Carcinoma Polyomavirus may be Lower in Cytokeratin 20-negative Merkel Cell Carcinoma vis-a-vis Typical Merkel Cell Carcinoma	Andrew G. Miner, MD
5:10 p.m. – 5:20 p.m.	Rare Chromosomal Translocations of TP63 in Cutaneous T-cell Lymphomas	Rahul Chavan, MD, PhD
5:20 p.m. – 5:30 p.m.	Characterization and Comparison of Cellular Immune Responses at Vaccine Sites in Melanoma Vaccine Clinical Trials	Joel Pinczewski, MD, PhD
5:30 p.m. – 5:40 p.m.	Clinicopathologic Discordance in Acute Rejection of the Near Total Face Transplant	Karl Napekoski, MD
5:40 p.m. – 5:50 p.m.	Go with the Flow: Using Functional Immunophenotyping to Characterize Inflammatory Skin disease	Joshua M. Schulman, MD
5:50 p.m. – 6:00 p.m.	Utility of PTEN Expression in Melanoma Prognostication and Risk Stratification	Thanh Ha, MD

## Fellows' Case Presentations (cont.)

**Upon completion of this session, participants should be able to:**

- Identify various clinical and basic science topics within dermatopathology.
- Exemplify and promote the exchange of new ideas and concepts within the field of dermatopathology.
- Describe innovative investigative studies and tools pertaining to bench and translational research.
- Compare unique pathological perspectives and concepts as they relate to individual and groups of cases.

## PLENARY PROGRAM (cont.)

### Evening Slide Symposium

Saturday, October 12

6:00 p.m. – 9:00 p.m.

Thurgood Marshall Ballroom, Mezzanine Level

With Audience  
Response System

Course Director:

Ronald P. Rapini, MD

*University of Texas MD Anderson Cancer Center*

Course Moderator:

Tammie C. Ferringer, MD

*Geisinger Medical Center*

### 3 Category 1 CME Credits™

In this traditionally popular symposium, a six-member panel will present 18 microscopically challenging cases. An in-depth discussion by the panel will focus on the histological and clinicopathological aspects of each case. A relaxed and educationally stimulating atmosphere is planned. Audience participation is encouraged, via an audience response system, and casual attire is expected. Complimentary soda and snacks will be served.

#### Faculty:

Jerad M. Gardner, MD, *University of Arkansas for Medical Sciences*

Todd T. Kobayashi, MD, *Uniformed Services University  
of the Health Sciences*

Kristopher McKay, MD, *The University of Alabama at Birmingham*

Valencia D. Thomas, MD, *MD Anderson Cancer Center*

Jose A. Plaza, MD, *Medical College of Wisconsin*

Carilyn N. Wieland, MD, *Mayo Clinic, Rochester*

#### Upon completion of this course, participants should be able to:

- Demonstrate an approach toward diagnosis of various challenging skin biopsies.
- Generate clinically relevant differential diagnoses.
- Differentiate clinical and histological features of interesting, difficult and rare disorders of the skin.

## Evening Slide Symposium Case Summaries

### Case 1

A 68-year-old male presents with a fluctuant lower leg mass that began six months ago. The patient was chopping firewood and accidentally pierced his lower leg with a piece of wood prior to the onset of the mass. He recently completed chemotherapy for B-cell lymphoma.

### Case 2

A 54-year-old female with dorsal foot mass.

### Case 3

A 12-year-old girl with deep 10 cm mass of the buttock.

### Case 4

A 20-year-old male forest worker from Belize presents with an erythematous, ulcerated plaque on the left cheek.

### Case 5

A 34-year-old African American woman presented with numerous, yellow-brown papules distributed over the face.

### Case 6

A 50-year-old man from Surinam, South America, presents with keloid-like nodule on the lower extremity.

### Case 7

A 58-year-old woman presents with an expanding plaque on the upper lateral thigh.

### Case 8

A 42-year-old woman presented with a firm papule on the volar surface of the right 5th finger. Histology revealed signet-ring cells, and immunostaining was consistent with fibrohistiocytic differentiation.

### Case 9

A 58-year-old man with a history of chronic sun damage presents to the office of a dermatologist for a baseline skin examination at the urging of his wife. A 0.9 x 0.7 cm indurated, erythematous macule with a halo is noted on the left upper back. A biopsy was performed. Actin, desmin, HMB45 and CD68 were negative.

### Case 10

A 27-year-old man with no significant past medical history presented with a vascular appearing nodule on the penile base.

### Case 11

A 12-year-old girl presented with a mass on her long finger.

## **PLENARY PROGRAM (cont.)**

### **Evening Slide Symposium Case Summaries (cont.)**

#### **Case 12**

A 3-month-old girl presents with a forehead mass. The mass has been growing for several months.

#### **Case 13**

A 41-year-old male presents with pruritic erythematous papules and nodules at different stages of development, predominantly in trunk and extremities. Some of these lesions have spontaneously regressed. Patient is otherwise healthy.

#### **Case 14**

A 33-year-old female presents with a long-standing nodule on her upper arm.

#### **Case 15**

A 65-year-old female presented with two small, localized, asymptomatic, indurated plaques on her lower back. Patient is otherwise healthy.

#### **Case 16**

A 72-year-old male presented with fatigue, jaundice and a three-week history of numerous pruritic papules around the neck and waistline.

#### **Case 17**

A 39-year-old pregnant female presented with a six-week history of erosive papules and plaques on the perineum and oral mucosa.

#### **Case 18**

A 23-year-old female presented with fevers, arthralgias, anemia, an elevated ferritin at 6774 mcg/L (ref. range 11-307 mcg/L), and an evanescent rash.

## Oral Abstract Session 3

Sunday, October 13

7:30 a.m. – 8:30 a.m.

Thurgood Marshall Ballroom, Mezzanine Level

*Course Moderator:*

Julie Reimann, MD, PhD

*Miraca Life Sciences*

### 1 Category 1 CME Credits™

Abstracts presented in Oral Abstract Session 3 can be found in the abstract PDF book available for download at [www.asdp.org/AM13](http://www.asdp.org/AM13). Abstracts are listed in the order of presentation.

Time	Title	Speaker
7:30 a.m. – 7:40 a.m.	Development of a Gene-expression Signature to Differentiate Benign Melanocytic Nevi from Malignant Melanoma	Loren E. Clarke, MD
7:40 a.m. – 7:50 a.m.	Differential Expression of Glut-1 in Melanocytic Lesions	Haaris A. Beg, BA
7:50 a.m. – 8:00 a.m.	PDGFBR Expression in anti-BRAF Resistant Melanomas: Are Angiotropic Melanoma Cells a Source of BRAF Resistance and Disease Progression?	Raymond L. Barnhill, MD
8:00 a.m. – 8:10 a.m.	Variability in Mitotic Figures in Serial Sections of Thin Melanomas	Stevan Knezevich, MD, PhD
8:10 a.m. – 8:20 a.m.	Mutations of the TERT Promoter are Common in Basal Cell Carcinoma and Squamous Cell Carcinoma	Glynis Scott, MD
8:20 a.m. – 8:30 a.m.	Sclerotic Bodies Beyond Nephrogenic Systemic Fibrosis	Jag Bhawan, MD

**Upon completion of these sessions, participants should be able to:**

- Identify various clinical and basic science topics within dermatopathology.
- Exemplify and promote exchange of new ideas and concepts within the field of dermatopathology.
- Describe innovative investigative studies and tools pertaining to bench and translational research.
- Compare unique pathological perspectives and concepts as they relate to individual and groups of cases.

## PLENARY PROGRAM (cont.)

### Short Course IV

### What's New in Dermatopathology or What You Haven't Heard in a While

Sunday, October 13

8:45 a.m. – Noon

Thurgood Marshall Ballroom, Mezzanine Level

*Course Director:*

Klaus J. Busam, MD

*Memorial Sloan-Kettering Cancer Center*

**3.25 Category 1 CME Credits™**

This course aims to cover a range of subjects in dermatopathology, with emphasis on reviewing diagnostic issues and discussing new opportunities through the availability of new reagents or techniques. The range of topics includes pearls and pitfalls in the diagnosis of rare epithelial tumors (apocrine carcinomas, follicular and sebaceous tumors, unusual variants of squamous cell carcinoma), new markers for the diagnosis of lymphoid infiltrates, an update on the diagnostic use of direct immunofluorescence, and novel reagents and techniques for the diagnosis of infectious diseases affecting the skin. The goal is to provide an opportunity to review and discuss various topics relevant to dermatopathology, which have not been the focus of short courses in recent years.

**Faculty and Course Outline:**

8:45 a.m. - 9:15 a.m.	<b>Ecrrine and Apocrine Carcinomas</b> Luis Requena, MD, PhD <i>Fundación Jiménez Díaz and Universidad Autónoma</i>
9:15 a.m. - 9:45 a.m.	<b>Pitfalls in the Diagnosis of SCC, Including Unusual and More Aggressive Variants</b> Elsa F. Velazquez, MD <i>Miraca Life Sciences</i>
9:45 a.m. - 10:15 a.m.	<b>Follicular and Sebaceous Adnexal Tumors</b> Victor G. Prieto, MD, PhD <i>University of Texas MD Anderson Cancer Center</i>
10:15 a.m. - 10:45 a.m.	<b>What's New in the Diagnosis of Cutaneous Lymphoma?</b> Melissa Pulitzer, MD <i>Memorial Sloan-Kettering Cancer Center</i>

10:45 a.m. - 11:15 a.m. **Infections in Dermatopathology: Update on Novel Diagnostic Markers/Tests**  
Jag Bhawan, MD  
*Boston University*

---

11:15 a.m. - 11:45 a.m. **The Application of Immunofluorescence in Diagnostic Dermatopathology**  
Cynthia M. Magro, MD  
*Weill Medical College and Cornell University*

---

11:45 a.m. - Noon **Q & A**

**Upon completion of this course, participants should be able to:**

- Identify critical reagents for direct immunofluorescence or immunohistochemistry.
- Recognize rare epithelial tumors.
- Reinforce existing knowledge on the use of direct immunofluorescence.
- Evaluate novel methods for the diagnosis of infectious diseases.

## OPTIONAL COURSES & EVENTS

### Board Review Course

Thursday, October 10

8:30 a.m. – Noon

Marriott Ballroom Salon 1, Lobby Level

*Course Directors:*

Noreen M.G. Walsh, MD, FRCP(c), FRCPath

*Dalhousie University, Halifax*

Lawrence E. Gibson, MD

*Mayo Clinic, Rochester*

3.5 Category 1 CME Credits™

**Note: Participants must be on time to this course. Due to high demand and limited space, seats will only be held for 15 minutes after the start of the course. All unclaimed seats will be released to those waiting on a first come, first served basis at 8:45 a.m. No exceptions.**

This course will provide up-to-date information needed to pass the dermatopathology certifying examination and assumes basic competency in the field. This course will also benefit practitioners who would like an up-to-date review to fill practice gaps.

This course is not designed to be a comprehensive review of the dermatopathology board examinations.

#### Faculty and Course Outline:

8:30 a.m. - 8:35 a.m.	<b>Introduction</b> Noreen M.G. Walsh, MD, FRCP(c), FRCPath <i>Dalhousie University, Halifax</i>
8:35 a.m. - 9:00 a.m.	<b>Melanocytic Lesions</b> Rosalie Elenitsas, MD <i>University of Pennsylvania</i>
9:00 a.m. - 9:25 a.m.	<b>Genodermatoses</b> Darius Mehregan, MD <i>Pinkus Dermatopathology Lab PC</i>
9:25 a.m. - 9:50 a.m.	<b>Vascular Neoplasms and Malformations: An overview</b> Omar P. Sangueza, MD <i>Wake Forest Baptist Health, NC</i>

9:50 a.m. - 10:15 a.m.	<b>Panniculitis</b> Margot S. Peters, MD <i>Mayo Clinic, Rochester</i>
10:15 a.m. - 10:40 a.m.	<b>Soft Tissue Tumours</b> Rajiv M. Patel, MD <i>University of Michigan</i>
10:40 a.m. - 11:05 a.m.	<b>Molecular Studies in Dermatopathology: A Practical Approach to Their Utilization</b> Timothy H. McCalmont, MD <i>University of California, San Francisco</i>
11:05 a.m. - 11:30 a.m.	<b>Tropical and Extraordinary Diseases</b> Tammie C. Ferringer, MD <i>Geisinger Medical Center</i>
11:30 a.m. - 11:55 a.m.	<b>Lymphomas and Lymphoproliferative Disease</b> Loren E. Clarke, MD <i>Myriad Genetics</i>
11:55 a.m. - Noon	<b>Closing Remarks</b> Noreen M.G. Walsh, MD, FRCP(c), FRCPath <i>Dalhousie University, Halifax</i>

**Upon completion of this course, participants should be able to:**

- Identify potential board examination topics.
- Utilize new technology to assist with various diagnoses and treatment methods.
- Improve skills in clinicopathologic correlation.

## OPTIONAL COURSES & EVENTS (cont.)

### Consultations in Dermatopathology

1.25 *Category 1 CME Credits™* per course

Tickets are required to enter each course.

All Consultations in Dermatopathology rooms are located on the Mezzanine Level. All courses use a 10-headed microscope with a class size of nine. Generally, each session permits 30 minutes of study at individual microscopes followed by 45 minutes of interactive work with the course director.

### Thursday, October 10

#### 9:00 a.m. – 10:15 a.m.

100	Leonard C. Sperling, MD	Advanced Alopecia	Hoover
101	Philip E. LeBoit, MD	Lessons I Have Learned From Difficult Cases	Coolidge

## OPTIONAL COURSES & EVENTS (cont.)

### Self-Assessment in Dermatopathology

**Course Director:**

Noreen M.G. Walsh, MD, FRCP(c), FRCPATH  
*Dalhousie University, Halifax*

6.5 *Category 1 CME Credits*<sup>™</sup>  
6.5 SAMs  
100 MOC SA Question Credits

**Be on time – Self-Assessment sessions begin on time. Due to the timed schedule of each session, doors will close promptly at start time. Late arrivals will not be permitted. No refunds will be given for sessions missed due to tardiness. No exceptions.**

Participants will have the opportunity to study 50 challenging slides representing a wide range of inflammatory and neoplastic diseases during one of four identical sessions (A, B, C or D). Subsequently, all participants will meet in a single Self-Assessment Discussion session in which faculty members will review the diagnostic features of each case, as well as the differential diagnosis. You must be registered for one of the Thursday or Friday courses (A, B, C or D) to attend the Discussion session. Separate tickets are required to enter each course.

**Back by Popular Demand! Post-course online self-assessment:** A post-course online self-assessment will be available after the meeting and will include 25 core knowledge cases in addition to the 50 advanced cases studied at the meeting. Registrants must take the post-course online self-assessment in order to claim SAMs or MOC SA question credits. Self-assessment registrants will receive a link to the post-course online self-assessment by email approximately two to three weeks after the Annual Meeting and will have up to 30 days to complete. **Self-Assessment participants must take the post-course online self-assessment to receive MOC credit for this activity.**

**CME –** Participants will receive 2 *Category 1 CME Credits*<sup>™</sup> for one of the Self Assessments A-D and 3.5 *Category 1 CME Credits*<sup>™</sup> for the Self-Assessment Discussion for a total of 5.5 *Category 1 CME Credits*<sup>™</sup>. The remaining 1 *Category 1 CME Credit*<sup>™</sup> will be awarded upon successful completion of the post-course online self-assessment. Participants must complete the post-course online self-assessment with a 50 percent pass rate or better in order to claim the remaining CME credit. A CME/MOC certificate will be available to print upon successful completion of the post-course online self-assessment.

**MOC** – The ASDP Annual Meeting Online Post-course Self-Assessment offers MOC self-assessment credits to satisfy the American Board of Dermatology (ABD) Component 2 and the American Board of Pathology (ABP) Part II MOC requirements. An MOC certificate will be available to print upon successful completion of the online past-course self-assessment.

**ABD SA** – ASDP is a provider of Self-Assessments (SAs) to satisfy the American Board of Dermatology (ABD) Maintenance of Certification program Component 2. The ASDP Self-Assessment in Dermatopathology offers up to 100 MOC SA question credits. Participants must take the post-course online self-assessment in order to claim SA points.

**ABP SAMs** – ASDP is a provider of Self-Assessment Modules (SAMs) for Part II of the Maintenance of Certification program of the American Board of Pathology (ABP). The ASDP Self-Assessment in Dermatopathology offers six and a half (6.5) SAMs. Participants must take and pass the post-course online self-assessment with a 50 percent pass rate or better in order to claim SAMs, and may take the self-assessment as many times as needed to achieve a passing score.

**Faculty:**

Mark A. Cappel, MD, *Mayo Clinic, Jacksonville*

Kelly Dakin Hache, MD, PhD, FRCP(c), *Dalhousie University and Queen Elizabeth II Health Sciences Centre, Halifax*

Michael G. Hitchcock, MBChB, *Cutaneous Pathology, PA*

Mark Jacobson, MB, BCh, *Montefiore Medical Center*

Thaddeus W. Mully, MD, *University of California, San Francisco*

Margot S. Peters, MD, *Mayo Clinic, Rochester*

Laura B. Pincus, MD, *University of California, San Francisco*

Vijaya B. Reddy, MD, MBA, *Rush University Medical Center*

Luis Requena, MD, PhD, *Fundación Jiménez Díaz and Universidad Autónoma, Madrid*

Noreen M.G. Walsh, MD, FRCP(c), FRCPPath, *Dalhousie University, Halifax*

**Schedule:**

**Thursday, October 10**

1:00 p.m. – 3:00 p.m.	<b>Session A</b> <i>(Note: This session conflicts with Consultations 106, 107, 108, 109, 110 and 111)</i>	Wilson A-C, Mezzanine Level
4:00 p.m. – 6:00 p.m.	<b>Session B</b>	Wilson A-C, Mezzanine Level

## OPTIONAL COURSES & EVENTS (cont.)

### Self-Assessment in Dermatopathology (cont.)

#### Friday, October 11

7:00 a.m. – 9:00 a.m.	<b>Session C</b> <i>(Note: This session conflicts with Consultations 200, 201, 202, 203, 204 and 205)</i>	Wilson A-C, Mezzanine Level
10:00 a.m. – Noon	<b>Session D</b> <i>(Note: This session conflicts with Consultations 206, 207, 208)</i>	Wilson A-C, Mezzanine Level
2:00 p.m. – 6:00 p.m.	<b>Self-Assessment Discussion</b> <i>(Note: This session conflicts with Consultations 209, 210, 211, 212, 213, 214, 215, 216 and 217)</i>	Marriott Ballroom Salon 1, Lobby Level

#### Upon completion of this course, participants should be able to:

- Recognize key light microscopic features of common, rare and unusual entities.
- Expand diagnostic skills by increasing familiarity with a variety of skin conditions.
- Differentiate between diseases with similar or overlapping histopathologic findings.
- Recognize areas where new information gained from the presented cases has identified potential practice gaps and altered performance related to the presented cases.
- Incorporate new information gained from the presented cases into dermatopathology practice.
- Modify existing comfort level with the more common cases likely to be seen in daily practice.

# ASDP Quality and Performance Improvement Program

Friday, October 11  
1:00 p.m. – 3:00 p.m.  
Wilson A-C, Mezzanine Level

*Course Director:*  
Tammie C. Ferringer, MD  
*Geisinger Medical Center*

Satisfy ABD MOC Component 4 and ABP MOC Part IV  
Earn up to 20 *Category 1 CME Credits™*

Be on time – The Quality and Performance Improvement Program begins on time. Due to the timed schedule of the session, doors will close promptly at start time. Late arrivals will not be permitted. No refunds will be given for session missed due to tardiness.

**IMPORTANT!** You must drop off your de-identified glass slides and corresponding de-identified reports for 10 cases that you signed out before 10 a.m., Friday, October 11, at the ASDP Registration Desk, in order to participate.

During the two-hour session, each participant will be given 10 de-identified slides and corresponding reports of another participant and will independently review each case at a provided microscope. Participants will complete a feedback form about slide quality, accuracy and report quality. The feedback forms will be collected and re-distributed to the original participant during the session. Based on review of these feedback forms, the original participant will complete a short form describing what they have learned from peer review, what areas they may want to improve and how they plan to implement improvements.

Participants will earn five CME credit hours for completing the blinded slide and report review, and five CME credit hours for describing what they learned and their plan for implementing changes. Ten CME credit hours will be earned by participating in the follow-up survey, which participants will receive approximately six months after completion of the Quality and Performance Improvement Program at the annual meeting. **CME Certificates will be issued only to program participants who complete both phases of the program (at the annual meeting and follow-up survey).** Certificates will be available to print immediately upon completion of the follow-up survey.

## OPTIONAL COURSES & EVENTS (cont.)

### Program Information at-a-Glance

Full participation satisfies the ABD MOC Component 4 requirement for practice assessment/quality improvement, due in years 5 and 10 of the cycle, and ABP MOC Part IV MOC annual diplomate requirement for performance improvement and quality assurance activity.

- Participants must bring 10 de-identified glass slides and corresponding de-identified reports for cases they signed out.
- 10 cases must consist of:
  - 3 melanocytic tumors, including at least 1 melanoma
  - 3 non-melanocytic tumors
  - 3 inflammatory dermatoses
  - 1 case of your choosing
  - 3 of the above 10 cases must also be special or immunohistochemically stained slides
- **Slides and reports must be submitted to the ASDP Registration Desk before 10 a.m. Friday, October 11.**
- During the session, participants will independently review slides and corresponding reports of another participant, and complete a feedback form on (5 *Category 1 CME Credits<sup>TM</sup>*):
  - slide quality
  - diagnostic accuracy
  - report quality
- Feedback forms will be collected and redistributed to original participants during the session.
- Original participants will review the peer review feedback and complete a short form on what they learned, areas to improve and future plans to implement improvements (5 *Category 1 CME Credits<sup>TM</sup>*).
- Approximately six months later, participants will receive a follow-up survey (10 *Category 1 CME Credits<sup>TM</sup>*).
- CME certificates will be issued only to program participants who complete both phases of the program (at the annual meeting and the follow-up survey). Certificates will be available to print immediately upon completion of the follow-up survey.

## Mini Course Navigating MOC for the Pathologist

Friday, October 11  
3:30 p.m. - 4:15 p.m.  
Delaware A/B, Lobby Level

*.75 Category 1 CME Credits™*

Course Director:

Tammie C. Ferringer, MD  
*Geisinger Medical Center*

Faculty:

Puja K. Puri, MD  
*Laboratory Corporation of America/DIANON*

**Be on time – Participants must be on time to this course. Due to high demand and limited space, seats will only be held for 15 minutes after the start of the course. All unclaimed seats will be released to those waiting on a first come, first served basis at 3:45 p.m. No exceptions.**

This session will review the American Board of Pathology's requirements and timeline for maintenance of certification. Current opportunities to meet the requirements will be discussed to allow participants to formulate a plan for completion.

**Upon completion of this course, participants should be able to:**

- Describe the American Board of Pathology requirements and timelines for maintenance of certification
- Formulate a plan to successfully meet the defined requirements and maintain certification

## OPTIONAL COURSES & EVENTS (cont.)

### Mini Course

### Navigating MOC for the Dermatologist

Friday, October 11

4:45 p.m. - 5:30 p.m.

Delaware A/B, Lobby Level

*.75 Category 1 CME Credits™*

Course Director:

Tammie C. Ferringer, MD

*Geisinger Medical Center*

**Be on time – Participants must be on time to this course. Due to high demand and limited space, seats will only be held for 15 minutes after the start of the course. All unclaimed seats will be released to those waiting on a first come, first served basis at 5:00 p.m. No exceptions.**

This session will review the American Board of Dermatology's requirements and timeline for maintenance of certification. Current opportunities to meet the requirements will be discussed to allow participants to formulate a plan for completion.

**Upon completion of this course, participants should be able to:**

- Describe the American Board of Dermatology requirements and timelines for maintenance of certification
- Formulate a plan to successfully meet the defined requirements and maintain certification

## President's Reception & Banquet

Nigel J. Ball, MD, FRCPC, *President*

**Friday, October 11**

**7:00 p.m. – 11:00 p.m.**

Maryland Suite, Lobby Level  
Washington Marriott Wardman Park  
Washington, DC, USA

Join ASDP President Nigel J. Ball, MD, and other ASDP leaders for this elegant evening event.

This is a ticketed event. Space may be available. Visit the ASDP registration desk for information.
